This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

ENABLED..... Has not bought

ENACTED. ..... Have bought all of

ENACTMENT .... Have bought and are holding for shipping instructions

ENAMEL..... Have bought and are shipping

ENAMORED..... Have bought subject to your approval and immediate reply by wire

ENCAMP . ..... Have bought subject to your approval of samples and reply by wire

ENCAUSTIC ..... Have secured the

ENCHAIN..... If buyers hold off, hoping for lower prices, they will get left, in our opinion

ENCHANTING.... If cannot do better, buy at

ENCIRCLE ..... If not, wire lowest will buy

ENCLASP..... If still unsold, buy the

ENCLOSE..... If they (he) can buy

ENCLOSURE..... If they (he) cannot buy

ENCOMPASS..... If they do not buy

Digitized by Google

BUYING.

ENCORE.....If he does not buy

ENCOUNTER.....If they have bought

ENCOURAGE ....If he has bought

ENCROACH.....If we buy

ENCUMBER.....If we cannot buy

ENDANGER .....If we can buy

ENDEARED .....If we have quick answer, can buy

ENDEARMENT....If you have any ——, send us samples

ENDEAVOR.....If you think you can do better, postpone buying until

ENDEMIC.....If you think good purchase

ENDLESS.....If you think will be cheaper

ENDORSER .. ...Impossible to buy

ENDOWED .....Is there anything to be had in the way of

ENDOWMENT ....Is too high

ENDURABLE ....Just bought at

ENDURANCE ....Just bought of

ENDWAYS .....Looks to us like a good time to buy

ENEMIES.....Market little sick; advise your buyers to hold off

ENERGY.....Market strengthening; advise your buyers to act quickly

Digitized by Google

BUYING.

ENERVATE.....Name lowest price you can buy

ENFEEBLE..... Market advanced and liable to go higher; your buyers will get left unless they act promptly

ENFOLD.....Market strengthening so fast would advise your buyer to buy even if price looks momentarily high

ENFORCE.....No one has bought any

ENGAGE.....Nothing can be bought here under

ENGENDER.....Nothing less will buy

ENGINE.....Now is the time to buy

ENGINEER.....Quote all grades

ENGRAFT.....Ready to buy

ENGRAIN.....Says can buy

ENGRAVER.....Shall we buy; answer quick

ENGRAVING.....Shall we buy if we can get it at

ENGROSS.....Will not pay any more

ENGULF.....Strongly advise buying

ENHANCE.....Tell him to make no mistake but buy

ENIGMA.....Tell the trade not to buy

ENJOINED.....That is why they do not buy

ENJOY.....That is why we do not buy

ENJOYMENT.....This low price should attract buyers

Digitized by Google

BUYING.

ENKINDLE. . . . . They cannot buy
